Look at this diagram.

 Underline up to three feelings closest to your own.

 In the spaces, enter any of your feelings that are not listed.

 Are your feelings the same as others in your class? What do you learn from that?

 What have you and others you know of done about this disaster? Do you think it has made a difference? What more do you want to do about it?

... Countries from the South, including non-wealthy ones such as East Timor and Mozambique, have contributed to the relief effort. ...
