

# Bring on the World

## Day 3 Morning session: Girls, boys and playtime

### Activity 2: My ideal school playtime

**Time required: 30 mins**

#### **You will need**

- Pens and lined paper

#### **Aim**

- To think creatively and to express and justify opinions.

#### **What to do**

Ask pupils to write a short piece about their ideal school playtime. Encourage them to consider the following questions before writing their piece:

- What activities would they be participating in?
- Who would they be playing with?
- What equipment and how much space would they need?
- What skills would they need to use?
- How would they feel during the activity?
- How would they feel at the end of playtime?

Choose one or two volunteers to read their piece to the class as a starter to the plenary discussion. Issues to bring out during discussion include:

- Are pupils able to have their ideal playtime every day at school? Why/why not?
- Does their ideal playtime affect other pupils? How?
