

The best action is to...

**Lobby our MP to demand that the government
does more to combat climate change.**

The best action is to...

**Lobby the local council to improve public transport
and cycle paths so people rely less on their cars.**

The best action is to...

**Devise and perform a play on how climate
change affects people in different parts of the
world and perform it in school and the local
community.**

The best action is to...

**Send money to poor people affected by climate
change.**

The best action is to...

**Carry out an assessment of the school's
environmental impact and lead a project to
become a greener school.**

The best action is to...

**Join local, national or global campaigns for
action on climate change.**

The best action is to...

Give money to a charity that will help poor people learn new skills so they can do jobs less affected by climate change.

The best action is to...

Invite a guest speaker into school to be part of a debate on the issue.

The best action is to...

Make different choices about our lives based on what we have learned, e.g. how we get to and from school, our energy use at home, the companies whose products we choose to buy.
