

A woman and a young girl are smiling and looking upwards. They are positioned in front of a background of large, light-colored puzzle pieces. The woman is wearing a patterned headscarf and a black jacket, and the girl is wearing a yellow top with pink bows. The overall mood is positive and hopeful.

Rebuild families

Imagine fleeing war, but having to leave your mum, dad, brother or sister behind. Right now, this is the reality for many refugees, denied the right to be with the people they love.

Families are often separated as they flee conflict and persecution in search of safety. Being reunited means everything. Yet needlessly strict UK laws are preventing this from happening. Such rules are leaving vulnerable people isolated, traumatised and alone.

This must change. You can help refugees reunite with their families and put their lives back together.

I am calling on the UK Government to keep refugee families together because...

A photograph of a woman wearing a blue headscarf and a dark patterned top, smiling and holding a young child. They are surrounded by other children, all appearing to be part of a large puzzle. The puzzle pieces are dark grey, and the woman and children are the central focus, with their faces and bodies fitting into the puzzle pieces. The background is a plain, light color.
