

HOW TO PLAY

1. Fill in your challenge and your details overleaf.
2. Ask your friends to guess your finish time for a small donation (you can set your suggested donation- we think £1 or £2 works well).
3. Make sure they add their name to the square they have picked.
4. Get ready for your challenge!
5. After you have taken it on and you know your finish time, pick the person with the closest guess and give them a prize. It could be a novelty prize or a percentage of the donations (whichever option you choose you should make this clear from the beginning).
6. Send the remainder of the donations to Oxfam, and update your online fundraising page with your latest offline donations.

Good luck with your game and your challenge.
Ready, set, trek!

£2 helps ensure a farmer in Honduras is 'good to grow' by providing a bag of seeds.

£12 will provide five days' training to help a beekeeper in Ethiopia boost their productivity. More honey means more money!

The winner will be announced on:

MY FINAL FINISH TIME WAS:

SO THE WINNER IS:
